03 · WHO WE ARE

We put brands where Bangladesh looks.

LED AD PRO is a Digital Out of Home company built by the team behind 400+ brand campaigns in Bangladesh. We own the relationships, the screens and the know-how to put your message on the right road, at the right hour, in front of the right people.

- **Seen:** 56 LED screens at the junctions, circles and stations people pass every day.
- **Remembered:** moving, lit, impossible-to-skip formats, from roadside LED to metro coaches to LED caravans.
- **Chosen:** campaigns planned around where your buyers live, work and shop.
- **Trusted:** official LED partner to AD Pro; written quotes, clear specs and photo proof of every campaign.

04 · WHAT WE DO

Every screen your brand needs. One team.

LED BILLBOARDS

56 screens at the busiest roads, circles and stations in 10 cities, with real photos and facing for every one.

METRO RAIL LED

Video ads on the screens inside Dhaka Metro Rail coaches: seated, daily, repeated attention.

LED CARAVAN

A moving LED screen with sound that takes your brand to markets, campuses, events and district towns.

STATIC BILLBOARDS

Printed billboards on main roads, flyovers and approaches, from Banani Expressway to Bijoy Sarani.

CUSTOM LED DISPLAYS

High-resolution, 3D and transparent LED screens designed, built and installed for your space.

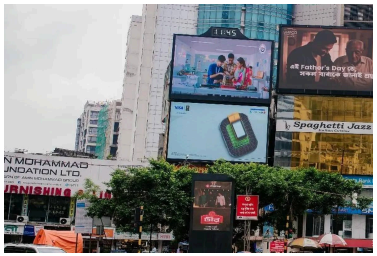

EVENTS & ACTIVATIONS

LED video walls, stages and store-launch branding for launches, exhibitions and corporate events.

06 · METRO RAIL LED

Ride with every commuter in Dhaka.

Your video plays on the digital screens inside Dhaka Metro Rail coaches, where passengers sit, look up and ride the same route every day between Uttara and Motijheel.

- Repeated, seated attention from office workers and students.
- 10–15 second silent-friendly video; brand in the first second.
- Pair with LED billboards near Farmgate, Karwan Bazar and Mirpur-10 to meet them again on the street.

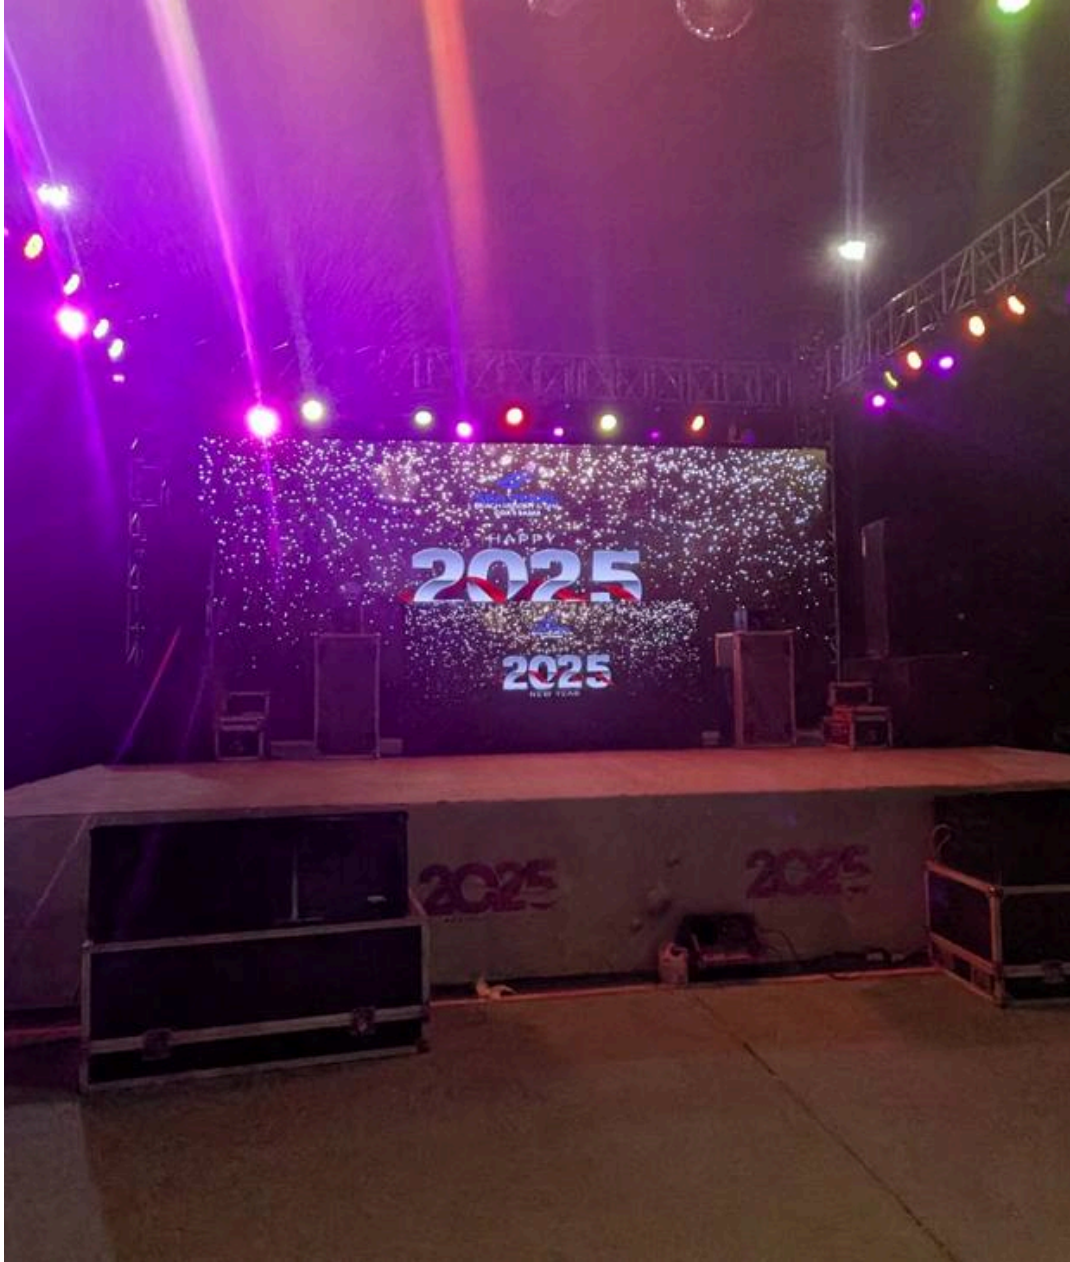

07 · LED CARAVAN

Take the screen to the crowd.

An LED caravan is a vehicle carrying a large LED screen with sound. It drives planned routes and parks where your audience gathers: markets, campuses, fairs, launches and district towns.

- Reaches towns and neighbourhoods without fixed LED screens.
- Video with sound at every stop.
- Route plan, timings and permissions handled; photo, video and route log as proof.

08 · HOW WE WORK

From brief to live in days.

01
BRIEF
Your goal, audience, areas, dates and budget.

02
SHORTLIST
Screens and formats matched to your audience, with photos and facing.

03
WRITTEN QUOTE
Screens, slots, dates, specs and total, in writing.

04
CREATIVE
We check or create artwork to each screen’s exact size.

05
GO LIVE
LED campaigns start within days: nothing to print.

06
PROOF & REPORT
Photos and video of your ad running, on every screen.

09 · WHY LED AD PRO

Why brands choose us.

The biggest visible network

Every screen listed with a real photo and the direction it faces. No guessing.

One team, every format

Roadside LED, metro, caravans, static, custom displays and events, planned together.

Proven with big brands

The team trusted by BMW, Emirates, Malaysia Airlines, Aarong and Royal Enfield.

Speed

LED campaigns go live in days, not weeks.

Clarity

Written quotes, exact specs and photo proof. No surprises.

Nationwide

Dhaka plus Chattogram, Sylhet, Cox’s Bazar, Rajshahi, Rangpur and more.

Let’s light up your brand.

Tell us your goal, areas and dates. You get a shortlist of screens, availability and a written quote.
