PREPARED FOR *you* · 5-MINUTE READ

REMEMBER THE WARM AIR? LET'S MAKE IT *every morning.*

This is your plan to live in Thailand. Your visa, your home and your arrival, planned together by one team and agreed in writing before you pay for anything.

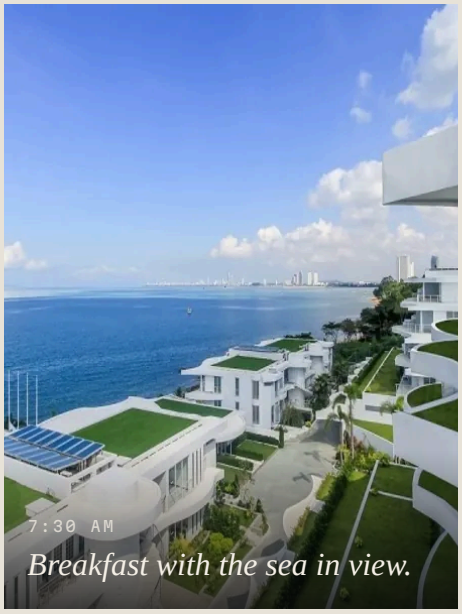

Sawasdee krap! I'm Khun Boon. I'll walk you through this in six short chapters. Tap any question below to jump straight to the answer.

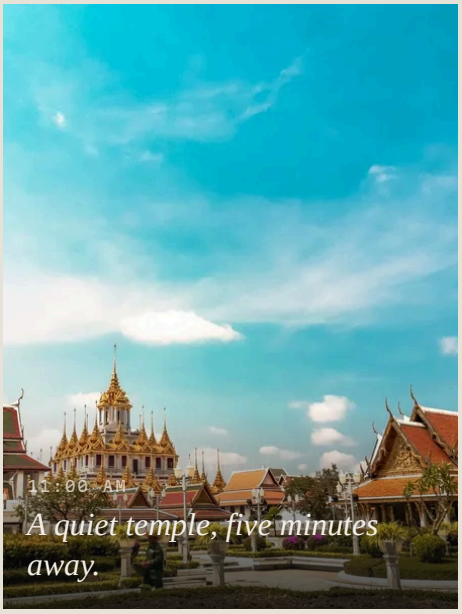

Q1	Q2	Q3	Q4	Q5
Why is moving so hard?	What exactly do I get?	How much is it?	What if it goes wrong?	What do I do now?

01 THE DREAM

PICTURE A NORMAL *Tuesday* IN THAILAND.

No alarm. Coffee by the sea. Lunch for less than a coffee at home. A sunset that still stops you, even after a year. This is what you are really buying. Everything on this page exists to get you here safely.

02 THE PROBLEM

THEN THE *questions* START.

Which visa? Rent or buy? Is this agent real? What do I do after I land? Most people try to answer these alone, with five different helpers who never talk to each other. Here is what that can cost.

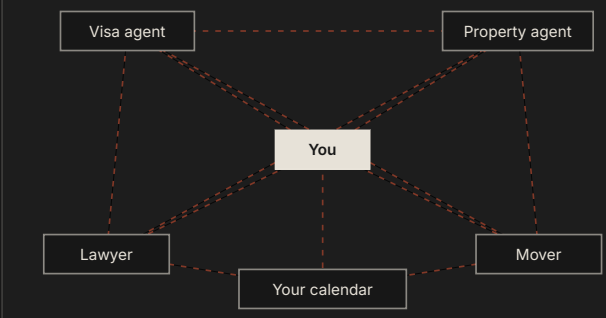

- **The wrong visa costs you months.**
  Privilege, Long-Term Resident, retirement, DTV. Each has its own rules. Pick the wrong one and you start again.

- **Some visa agents are not real.**
  In Pattaya, one agency took money from more than 100 tourists. Many were left overstaying with no visa.
  SOURCE: THE THAIGER

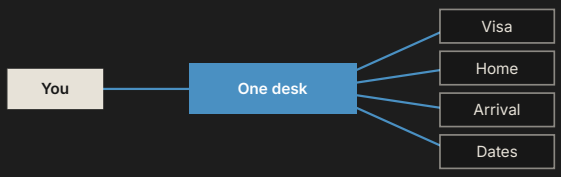

- **Property rules trip people up.**
  Foreigners can own up to 49% of a condo building. Your money must arrive from abroad in foreign currency. Using a Thai "nominee" to own land is illegal.
  SOURCE: PEARL PROPERTY

- **The agent may be working for the seller.**
  In Thailand the seller usually pays the agent. So who is checking the deal for you?
  SOURCE: RUMAVI

- **The dates never stop.**
  90-day reports, address reports, yearly extensions, re-entry permits. Miss one and you can pay a fine.

03 THE ANSWER

ONE DESK. ONE PLAN. *In writing.*

We plan your visa, your home and your arrival as one move, not three separate jobs. Then we stay with you after you land.

Most helpers do one piece. A visa agent does visas. A property agent sells homes. Nobody checks that the pieces fit. We do, from the first call to your first renewal.

What you get A legal, long stay in a home you love.	**Chance it works** The right route first. Complete papers. Ownership checked.
Time it takes Visa, home and paperwork run side by side, not one after another.	**Work for you** One talk, one checklist, one person to message.

04 THE OFFER

EVERYTHING YOU NEED, *on one page.*

This is the Second Home Plan. Read it like a checklist. Each line is something you would otherwise have to find, pay for and manage yourself.

05 THE PROMISE

YOU ARE *safe* WITH US. HERE IS WHY.

Moving your life is a big decision. So we take the risk off you, and we tell you the truth, even when it is not what you hoped to hear.

1

NO SURPRISES

What we do, what it costs and what is not included is agreed in writing before any paid work starts.

2

FIT FIRST

If no visa route fits you, the Route Review says so plainly. You do not pay for the next stage.

3

WE TELL YOU WHO PAYS US

If a home on your shortlist would pay us any commission, you hear about it before you view it.

WHAT WE WILL NEVER SAY

“Your visa is guaranteed.”

Nobody can honestly promise that. The Thai authorities decide. What we promise is the right route and complete, correct papers. If someone guarantees approval, treat it as a red flag.

CHECK ANYONE BEFORE YOU PAY, INCLUDING US

- ✓ Ask for the company registration number and check it with Thailand’s business registry (DBD).
- ✓ Get the scope and the fee in writing.
- ✓ Never hand over your passport without a signed receipt.
- ✗ Cash only, no receipt.
- ✗ “Approval guaranteed” or “no need to be in Thailand”.

06 HOW IT WORKS

FOUR STEPS. *You only do a little.*

Each step shows what you do and what we do. Your written plan gives you a date for every step.

1
TALK

ABOUT 30 MINUTES

YOU

Tell us who is moving, when and why.

WE

Listen, and rule out routes that do not fit.

2
PLAN

IN WRITING

YOU

Read the plan and say yes, or ask questions.

WE

Write your route, checklist, budget and fee.

3
PREPARE

SIDE BY SIDE

YOU

Collect papers from your checklist. View homes.

WE

Check papers, book appointments, check homes.

4
ARRIVE

AND STAY

YOU

Land, unpack, enjoy the sea.

WE

Set up bank, insurance and reports. Keep every date.

STILL WONDERING?

YOUR QUESTIONS, *answered.*

Is it too early to talk?

No, it is the best time. One conversation often removes the routes that do not fit and saves you months of reading. You do not need a visa or a home picked yet.

Can you guarantee my visa?

No one honestly can. The Thai authorities decide. We choose a route that fits your real situation and send complete, correct papers. That gives you the best chance.

How long does it take?

It depends on the route you choose. Your written plan lists every step with a date, so you always know what comes next.

Do I have to buy a home through you?

No. You can rent or buy anywhere. We still check that the home works with your visa and that the ownership is safe.

I already live in Thailand. Can you still help?

Yes. Many people come to us for a visa change, a first yearly extension, a property purchase or just to hand over their report dates.

Should I send my documents now?

Please do not. Keep passports and bank statements out of your first message. We will tell you exactly what we need, and how to send it safely, once there is a plan.

GO YOUR NEXT STEP

IT STARTS WITH *one conversation.*

1 **Tap the blue button.**
It opens our short consultation form.

2 **Tell us three things.**
Who is moving, roughly when, and which part of Thailand you like.

3 **Wait for our reply.**
We book your first talk. No documents, no payment yet.
